MANAGEMENT DISCUSSION OF FUND PERFORMANCE

Investment Objectives and Strategies

The fundamental investment objectives of the Sun Life BlackRock Canadian Composite Equity Class (the "Fund") are to seek long-term capital appreciation through exposure to primarily equity securities included in a broad and recognized Canadian equity market index that includes primarily large and mid-market capitalization companies the securities of which are considered to be the most liquid in Canadian equity markets by investing primarily in units of Sun Life BlackRock Canadian Composite Equity Fund or its successor fund (the "underlying Trust Fund").

The underlying Trust Fund's Sub-Advisor is BlackRock Asset Management Canada Limited (the "Sub-Advisor"). The Sub-Advisor invests directly in the securities included in the Index and/or may achieve exposure to some or all of the Index by investing in exchange-traded funds, mutual funds or derivatives that are correlated to the performance of the Index. The underlying Trust Fund rebalances on a quarterly basis based on changes to the underlying Index, or more frequently if warranted by market conditions.

Risk

There were no changes in the Fund's investment objectives or strategies during the period which materially impacted the overall level of risk in the Fund. The risks associated with investing in the Fund remain as outlined in the Fund's Simplified Prospectus.

Results of Operations

During the period, the net asset value of the Fund increased from \$12.3 million to \$16.0 million due to positive net sales, as well as positive performance.

During the period, the Fund returned 21.1% for Series A shares, this result lagged the Fund's benchmark, which returned 22.9%. The broad-based index returned 22.9%. The performance returns for other series of this Fund are similar to those of Series A except for differences in expense structures. Please refer to the 'Past Performance' section of this report for performance of each series and a definition of the benchmark and broad-based index if applicable.

The Fund currently invests substantially all of its holdings in units of the Sun Life BlackRock Canadian Composite Equity Fund (the "underlying Trust Fund") which attempts to replicate, to the extent possible, the performance of a broad and recognized Index (which is currently the S&P/TSX Capped Composite Index), net of fees. The following commentary relates to the underlying Trust Fund.

During the reporting period, the benchmark returned 22.9%. The Financials and Energy sectors were the largest positive contributors to the performance during the period. Healthcare was the largest detractor and the only sector that had negative returns during the reporting period.

Recent Developments

Sun Life Global Investments (Canada) Inc. (the "Manager") announced on November 29, 2019 that it intended to separate Series O securities from the Sun Life Global Investments Private Client Program for all the mutual funds that it manages. Subsequent to the reporting period, the Manager implemented this change to the Private Client Program on February 26, 2020.

On February 19, 2020, the Manager announced a proposed merger of the Fund into the Sun Life BlackRock Canadian Equity Fund. The proposal is subject to securityholder and regulatory approvals. The securityholder vote is scheduled to take place on or about May 8, 2020. All costs and expenses associated with the merger will be borne by the Manager. In anticipation of the merger, the Fund is closed to investment in new accounts, effective 4:01 p.m. ET on February 26, 2020. If approved, the merger will take effect on or about June 5, 2020.

Canadian equities rose during the period outperforming most of its developed market counterparts except for the U.S., delivering over 22% in 2019. Energy was the best performing sector towards the end of the period as oil prices rose with support from deeper production cuts from OPEC, and Alberta took steps to ease previously imposed production limits, amid new pipeline capacity. Meanwhile, the Canadian dollar appreciated versus the U.S. dollar as Canada continues to have higher interest rates, firming of commodity prices and improving overall global risk sentiment. During the period, the economy itself remained stable. The Canadian labour market was strong with solid wage growth. In addition, the housing market continued to show signs of improvement.

Sun Life BlackRock Canadian Composite Equity Class

U.S. equities ended the year strong as most U.S. large cap indices reached new record highs. Improved U.S.-China talks and good economic data were the primary positive contributors to performance throughout the year. The potential for a “phase one trade deal” helped spark the rally in U.S. equities towards the end of the period, while better than expected economic data and easier financial conditions were responsible for gains earlier in the year.

The Manager cautions that the current global uncertainty with respect to the spread of the coronavirus (COVID-19) and its effect on the broader global economy may have a significant impact to the volatility of the financial market. While the precise impact remains unknown, rapid spread of the virus may have a material adverse effect on global economic activity and disrupt global supply chains, operations, mobility of people, which could affect interest rates, credit ratings, credit risk, inflation, business, financial conditions, results of operations and other factors relevant to fund performance.

Related Party Transactions

Sun Life Global Investments (Canada) Inc. is the manager, and portfolio manager of the Fund.

The Manager is responsible for the provision of all general management and administrative services required by the Fund in its day-to-day operations, including providing or arranging for the provision of investment advice, bookkeeping, recordkeeping and other administrative services for the Fund.

For its services, the Manager receives a management fee that is calculated as a percentage of the average net asset value of the Fund. This fee is calculated daily and payable monthly.

As portfolio manager, the Manager is responsible for managing the investment portfolio of the Fund.

The Manager is an indirect wholly owned subsidiary of Sun Life Financial Inc.

Fund Administrative Expenses

The Manager pays certain operating expenses of the Fund (the “Administration Expenses”) in return for a fixed administration fee paid to the Manager by the Fund (“Administration Fee”). The Administration Fee is based on the net asset value of each series of the Fund. The Administration Expenses include, but are not limited to, record keeper fees, accounting, audit and legal fees, bank and interest charges, safekeeping and custodial fees, taxes, administrative and systems costs, costs of reports to investors, prospectuses and other disclosure documents, regulatory filing fees (including those incurred by the Manager) and trustee fees for registered plans. The amount of this charge is disclosed as Fixed annual administration fees in the Fund’s Statement of Comprehensive Income found in the annual financial statements.

The Fund also pays certain operating expenses directly (the “Fund Costs”). Fund Costs include: borrowing costs incurred by the Fund from time to time; costs in connection with portfolio transactions; fees and expenses payable to or in connection with the Fund’s Independent Review Committee (“IRC”); taxes payable by the Fund; and the costs of complying with any new regulatory or legal requirement imposed on the Fund. The Fund allocates Fund Costs proportionately among each series of the Fund to which they apply. The Fund Costs that are specific to a series of securities are allocated to that series. These amounts are paid out of the assets attributed to each series of securities of the Fund, which reduces the return you may receive.

⁽¹⁾ This information is provided as at December 31 of the period shown, as applicable.

⁽²⁾ Management expense ratio is based on total expenses (excluding broker commissions and other portfolio transaction costs) including the Fund's allocated percentage of Fund-on-Funds' expenses for the stated period and is expressed as an annualized percentage of daily average Net Asset Value during the period.

⁽³⁾ The trading expense ratio represents total commissions and other portfolio transaction costs expressed as an annualized percentage of daily average Net Asset Value during the period.

⁽⁴⁾ The Fund's portfolio turnover ratio indicates how actively the Fund's portfolio manager manages its portfolio investments. A portfolio turnover ratio of 100% is equivalent to the Fund buying and selling all of the securities in its portfolio once in the course of the year. The higher a Fund's portfolio turnover ratio in a year, the greater the trading costs payable by the Fund in the year, and the greater the chance of an investor receiving taxable capital gains in the year. There is not necessarily a relationship between a high portfolio turnover rate and the performance of the Fund.

Management Fees

The maximum annual management fee paid by the Fund is a percentage of the average daily net asset value of each series of securities of the Fund exclusive of any applicable taxes and operating expenses, which is accrued daily and is paid to the Manager monthly in arrears. Management fees pay for portfolio and investment advisory services, oversight of any service providers, marketing and promotional activities, arranging for the distribution and sale of securities of the Fund, general administration of Fund operations and sales and trailing commissions paid to dealers.

The percentages and major services paid for out of the management fees are set out below:

	Maximum Annual Management Fee Rate (%)	As a Percentage of Management Fees	
		Dealer Compensation (%) ^(*)	General Administration, Investment Advice and Profit (%)
Series A Shares	1.00	40	60
Series AT5 Shares	1.00	45	55
Series F Shares	0.50	–	100
Series FT5 Shares	0.50	–	100
Series I Shares ^(†)	–	–	–
Series O Shares ^(‡)	0.50	–	–

(*) Includes sales and trailing commissions.

(†) Series O management fees are not paid by the Fund. Series O investors pay management fees directly to the manager.

(‡) Series I management fees are not paid by the Fund. Series I investors negotiate management fees and pay directly to the manager.

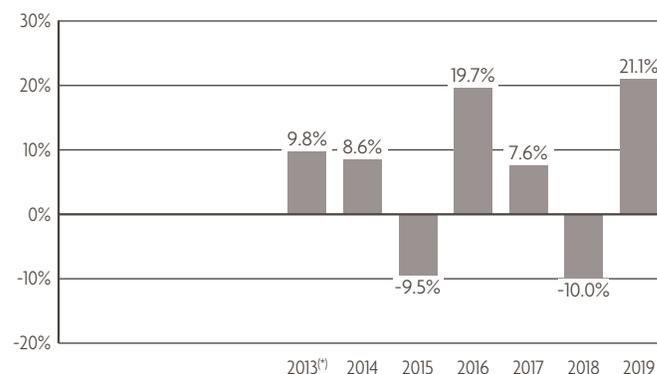

Past Performance

The performance information shown assumes that all distributions made by the Fund in the periods shown were reinvested in additional securities of the Fund. The performance information does not take into account sales, redemption, distribution, other optional charges or income tax payable by any shareholder that would have reduced returns or performance. How the Fund has performed in the past does not necessarily indicate how it will perform in the future.

Forward-Looking Statements

This management report of fund performance may contain forward-looking statements about the Fund, including its strategy, results of operations, performance and condition. Forward-looking statements include statements that are predictive in nature, or that depend upon or refer to future events or conditions. They are based on current beliefs, expectations and projections about future events and are inherently subject to, among other things, risks, uncertainties and assumptions about the Fund and various economic factors. Many factors could cause the Fund's actual results, performance or achievements to be materially different from any future results, performance or achievements that may be expressed or implied by such forward-looking statements. These factors could include, among other things, general economic, political and market factors, including interest and foreign exchange rates, business competition, technological changes, changes in government regulations or in tax laws. Although the forward-looking statements contained in this report are based upon what management currently believes to be reasonable assumptions, the Manager cannot assure current or prospective investors that actual results, performance or achievements will be consistent with these forward-looking statements. The words "may", "could", "would", "should", "believe", "plan", "anticipate", "expect", "intend", "forecast", "objective", and similar expressions are intended to identify forward-looking statements. The Manager does not undertake any obligation to update or revise any forward-looking statements to reflect events or circumstances after the date of this document or to reflect new information or the occurrence of unanticipated events, except as required by law.
