### INTERIM MANAGEMENT REPORT OF FUND PERFORMANCE

for the period ended June 30, 2024

Sun Life MFS Global Value Fund

# Sun Life MFS Global Value Fund

---

*This interim management report of fund performance contains financial highlights but does not contain the complete financial statements of the investment fund. You can request a free copy of the semi-annual financial statements (unaudited) by calling 1-877-344-1434, by sending an email to us at [info@sunlifeglobalinvestments.com](mailto:info@sunlifeglobalinvestments.com) or by writing to us at SLGI Asset Management Inc., 1 York Street, Suite 3300, Toronto, Ontario, M5J 0B6. The financial statements are available on our website at [www.sunlifeglobalinvestments.com](http://www.sunlifeglobalinvestments.com) and on SEDAR+ at [www.sedarplus.ca](http://www.sedarplus.ca).*

*Securityholders may also contact us using one of these methods to request a copy of the investment fund's proxy voting policies and procedures, proxy voting disclosure record or quarterly portfolio disclosure.*

*SLGI Asset Management Inc. (the "Manager") is an indirect wholly owned subsidiary of Sun Life Financial Inc.*

## MANAGEMENT DISCUSSION OF FUND PERFORMANCE

### Results of Operations

During the period, the net asset value of the Sun Life MFS Global Value Fund (the "Fund") increased from \$526.9 million to \$565.7 million due to positive performance, partially offset by negative net sales.

During the period, the Fund returned 7.1% for Series A securities, this result lagged the Fund's benchmark, MSCI World Index C\$, which returned 16.0%. Please refer to the 'Past Performance' section of this report for performance of each series of securities of the Fund.

During the reporting period, global stock markets advanced amid a resilient US economy and the ongoing enthusiasm around artificial intelligence. The general expectation of interest rate cuts also contributed to the market rally despite the slower pace of cuts relative to what the market had hoped for at the turn of this year. While the Federal Reserve kept rates unchanged, the Bank of Canada cut its overnight interest rates to 4.75%, down from 5%. The US stock market advanced during the reporting period, supported by well-received corporate earnings and ongoing expectations of rate cuts later in the year. In Europe, the financial markets posted a strong gain and economic momentum remained positive as the effects of the cost-of-living shock continued to abate. The consequence of the continued economic growth was sticky inflation. Investors' worries of an overheated economy proved overdone in Q1, but services inflation remained above levels that are consistent with central bank targets.

Against this resilient backdrop, developed market equities delivered positive total returns. These returns were concentrated in larger companies, while rate sensitive small cap stocks and Real Estate Investment Trusts (REITS) suffered from confirmation of the higher-for-longer interest rate environment. The Information Technology sector led the charge amid ongoing optimism over demand for AI-related technologies. Other top gaining sectors included Financials, Consumer Discretionary and Industrials. Improvements in the economic outlook boosted more economically sensitive stocks while banks were supported by some announcements of improvements to shareholder returns. Utilities, Consumer Staples and Real Estate were the main laggards. The Chinese stocks ended the first half of the year positive as foreign investors remained cautious about the state of China's post-pandemic economic recovery.

During the reporting period, a handful of Big Tech stocks have fueled the market rally, with shares of Nvidia surged more than 100%. Facebook parent Meta Platforms Inc., Google parent Alphabet Inc, Amazon.com Inc. and Microsoft Corp have all seen their shares soar more than the broad-based index, MSCI World Index. As a result, the Fund's aggregate underexposure to the Big Tech companies has hurt the portfolio's performance in comparison to the benchmark. Stock selection in Health Care and Communication Services also had a negative impact on performance. Notable individual detractors included telecommunications and media company Comcast Corp., pharmaceutical company Eli Lilly, and investment bank and financial services company UBS Group.

# Sun Life MFS Global Value Fund

---

Stock selection within Industrials and Financials contributed to performance. An underweight position in Consumer Discretionary also contributed to performance as the sector delivered one of the lowest positive returns in comparison to the broad-based index, MSCI World Index. Notable individual contributors within Industrials included Japanese industrials conglomerate Hitachi Ltd., power management firm Eaton Corp, and Irish building technology solution provider Johnson Controls International PLC. The portfolio's overweight position in diversified power management company Eaton Corp enhanced returns in comparison to the benchmark, MSCI World Index. The company shares reacted positively to reported earnings ahead of expectations and raised guidance. Megaprojects in reindustrialization, reshoring, and electrification drove the strong demand. Individual contributors within the Financials sector included British banking and insurance company NatWest Group, global investment banking firm Goldman Sachs Group and Japanese bank and financial services firm Mitsubishi UFJ Financial Group Inc.

## Recent Developments

Global tensions and conflicts within some geographic regions, such as the ongoing military conflict in Ukraine, have continued to impact global markets and economies. In addition, there continue to be tensions between larger nations over a number of issues, including trade, technology, human rights, and sovereignty. These issues have, in some cases, resulted in government sanctions and trade restrictions. These global tensions and regional conflicts, documented in the media, create a more challenging operating environment. The longer-term impact to geopolitical norms, supply chains and investment valuations is uncertain. The Manager continues to watch for developments and assess the impact to investment strategies.

## Related Party Transactions

SLGI Asset Management Inc. is the manager, trustee and portfolio manager of the Fund. For its services, the Manager receives a management fee that is calculated as a percentage of the average net asset value of the Fund. This fee is calculated daily and payable monthly.

The Manager is responsible for the provision of all general management and administrative services required by the Fund in its day-to-day operations, including providing or arranging for the provision of investment advice, bookkeeping, recordkeeping and other administrative services for the Fund.

As trustee, the Manager holds legal title to the Fund's investments in trust for securityholders.

As portfolio manager, the Manager is responsible for managing the investment portfolio of the Fund directly or through sub-advisors. The Manager has retained MFS Investment Management Canada Limited ("MFS IMC"), an affiliate of the Manager, to act as a sub-advisor for the Fund. The sub-advisor to MFS IMC is MFS Institutional Advisors, Inc. ("MFS"), which is an affiliate of MFS IMC. Sun Life Financial Inc. has an indirect majority ownership interest in MFS IMC and MFS.

The Fund may have direct or indirect holdings in Sun Life Financial Inc. or its affiliates or other funds managed by the Manager or its affiliates. Funds managed by the Manager, or its affiliates, may invest in securities of the Fund.

The Manager has a distribution agreement with Sun Life Financial Investment Services (Canada) Inc. (the "Dealer"), a company under common control, under which the Dealer may distribute securities of the funds offered by the Manager in the jurisdictions in which the Dealer is so authorized.

## Fund Administrative Expenses

The Manager pays certain operating expenses of the Fund (the "Administration Expenses") in return for a fixed administration fee paid to the Manager by the Fund ("Administration Fee"). The Administration Fee is based on the net asset value of each series of securities of the Fund. The Administration Expenses include, but are not limited to, record keeper fees, accounting, audit and legal fees, bank and interest charges, safekeeping and custodial fees, taxes, administrative and systems costs, costs of reports to investors, prospectuses and other disclosure documents, regulatory filing fees (including those incurred by the Manager) and trustee fees for registered plans. The amount of this charge is disclosed as Fixed annual administration fees in the Fund's Statements of Comprehensive Income found in the semi-annual financial statements (unaudited).

The Fund also pays certain operating expenses directly (the "Fund Costs"). Fund Costs include: borrowing costs incurred by the Fund from time to time; costs in connection with portfolio transactions; fees and expenses payable to or in connection with the Independent Review Committee ("IRC"); taxes payable by the Fund; contingent fees for foreign tax reclaim filings; and the costs of complying with any new regulatory or legal requirement imposed on the Fund. The Fund allocates Fund Costs proportionately among each series of securities of the Fund to which they apply. The Fund Costs that are specific to a series of securities are allocated to that series. These amounts are paid out of the assets attributed to each series of securities of the Fund, which reduces the return you may receive.

# Sun Life MFS Global Value Fund

Fees and expenses payable to or in connection with the Independent Review Committee ("IRC") are allocated to the fund and series to which they apply in a manner that, in the Manager's view, is considered fair and reasonable. For the purpose of allocating IRC costs across the Funds, the Manager distinguishes between two categories of Funds: Funds that are structured as fund of funds and Funds that hold direct investments. The Manager has determined that, based on the complexity of the issues to be reviewed by the IRC for the Funds in each category, it is appropriate for the Funds that are structured as fund of funds to be allocated a lesser proportion of IRC costs than Funds that hold direct investments. The Manager first attributes IRC costs to each such category of Funds, and then allocates such costs equally between the Funds in each category. The amounts of these charges are disclosed in the line item "Independent review committee fees" in the Fund's Statements of Comprehensive Income (Loss).

## Financial Highlights

The following tables show selected key financial information about the Fund and are intended to help you understand the Fund's financial performance for the previous five years or for the period(s) since inception to June 30, 2024.

Net asset value per security (\$) <sup>(1)</sup>	22.21	20.50	19.00	20.56	17.83	17.26

<sup>(1)</sup> This information is provided as at December 31 of the period shown, except for the most recent semi-annual period, which is at June 30, 2024.

<sup>(2)</sup> Management expense ratio is based on total expenses (excluding broker commissions and other portfolio transaction costs) including the Fund's allocated percentage of Fund-on-Funds' expenses for the stated period and is expressed as an annualized percentage of daily average Net Asset Value during the period.

<sup>(3)</sup> The trading expense ratio represents total commissions and other portfolio transaction costs expressed as an annualized percentage of daily average Net Asset Value during the period.

<sup>(4)</sup> The Fund's portfolio turnover ratio indicates how actively the Fund's portfolio manager manages its portfolio investments. A portfolio turnover ratio of 100% is equivalent to the Fund buying and selling all of the securities in its portfolio once in the course of the year. The higher a Fund's portfolio turnover ratio in a year, the greater the trading costs payable by the Fund in the year, and the greater the chance of an investor receiving taxable capital gains in the year. There is not necessarily a relationship between a high portfolio turnover rate and the performance of the Fund.

## Management Fees

The maximum annual management fee paid by the Fund is a percentage of the average daily net asset value of each series of securities of the Fund exclusive of any applicable taxes and operating expenses, which is accrued daily and is paid to the Manager monthly in arrears. Management fees pay for portfolio and investment advisory services, oversight of any service providers, marketing and promotional activities, arranging for the distribution and sale of securities of the Fund, general administration of Fund operations and sales and trailing commissions paid to dealers.

# Sun Life MFS Global Value Fund

The percentages and major services paid for out of the management fees are set out below:

	Maximum Annual Management Fee Rate (%)	As a Percentage of Management Fees	
		Dealer Compensation (%) <sup>(*)</sup>	General Administration, Investment Advice and Profit (%)
Series A Securities	1.95	44	56
Series T5 Securities	1.95	43	57
Series T8 Securities	1.95	43	57
Series F Securities	0.95	-	100
Series F5 Securities	0.95	-	100
Series F8 Securities	0.95	-	100
Series I Securities <sup>(†)</sup>	-	-	100
Series O Securities <sup>(†)</sup>	0.95	-	100

(\*) Includes sales and trailing commissions.

(†) Series O management fees are not paid by the Fund. Series O investors pay management fees directly to the Manager.

(‡) Series I management fees are not paid by the Fund. Series I investors negotiate management fees and pay directly to the Manager.

## Past Performance

The performance information shown assumes that all distributions made by the Fund in the periods shown were reinvested in additional securities of the Fund. The performance information does not take into account sales, redemption, distribution, other optional charges or income tax payable by any securityholder that would have reduced returns or performance. How the Fund has performed in the past does not necessarily indicate how it will perform in the future.

## Year-by-Year Returns

The following bar chart shows the Fund's annual performance for the period shown. The chart shows, in percentage terms, how much an investment made on the first day of each financial year would have grown or decreased by the last day of each period.

**Series A Securities – Annual return for the periods ended December 31 and the six month period ended June 30, 2024**

**Series T5 Securities – Annual return for the periods ended December 31 and the six month period ended June 30, 2024**

**Series T8 Securities – Annual return for the periods ended December 31 and the six month period ended June 30, 2024**

**Series F Securities – Annual return for the periods ended December 31 and the six month period ended June 30, 2024**

# Sun Life MFS Global Value Fund

**Series F5 Securities – Annual return for the periods ended December 31 and the six month period ended June 30, 2024**

<sup>(\*)</sup> for the period of February 9, 2018 to December 31, 2018.

**Series F8 Securities – Annual return for the periods ended December 31 and the six month period ended June 30, 2024**

<sup>(\*)</sup> for the period of February 9, 2018 to December 31, 2018.

**Series I Securities – Annual return for the periods ended December 31 and the six month period ended June 30, 2024**

**Series O Securities – Annual return for the periods ended December 31 and the six month period ended June 30, 2024**

<sup>(\*)</sup> for the period of April 1, 2014 to December 31, 2014.

## Forward-Looking Statements

This management report of fund performance may contain forward-looking statements about the Fund, including its strategies, results of operations, performance and condition. Forward-looking statements include statements that are predictive in nature, or that depend upon or refer to future events or conditions. They are based on current beliefs, expectations and projections about future events and are inherently subject to, among other things, risks, uncertainties and assumptions about the Fund and various economic factors. Many factors could cause the Fund's actual results, performance or achievements to be materially different from any future results, performance or achievements that may be expressed or implied by such forward-looking statements. These factors could include, among other things, general economic, political and market factors, including interest and foreign exchange rates, business competition, technological changes, changes in government regulations or in tax laws and pandemics. Although the forward-looking statements contained in this report are based upon what management currently believes to be reasonable assumptions, the Manager cannot assure current or prospective investors that actual results, performance or achievements will be consistent with these forward-looking statements. The words "may", "could", "would", "should", "believe", "plan", "anticipate", "expect", "intend", "forecast", "objective", and similar expressions are intended to identify forward-looking statements. The Manager does not undertake any obligation to update or revise any forward-looking statements to reflect events or circumstances after the date of this document or to reflect new information or the occurrence of unanticipated events, except as required by law.
